

RELATIVE OF LINCOLN LIVES AT MODESTO

MODESTO, Cal., July 24.—Edward Lincoln, whose father was a first cousin of Abraham Lincoln, and who served during the Civil War in an Indiana regiment, has for the past 42 years made his home with Mr. and Mrs. Gus Bertram in this city. Following his arrival in Modesto, Lincoln has been a close friend of the Bertrams and takes great delight in gardening and keeping up the lawn at the Bertram home. Lincoln takes his war records as a matter of fact and although he was wounded in service, has declined to accept a pension from the government. He is close mouthed concerning his illustrious relative whom he admitted having greatly admired. Nor will he talk of his exploits while in the Union Army.

He was born December 13, 1839, and despite his 83 years is still hale and hearty.

JAP AGRICULTURAL MINISTER HAS TASK

TOKIO, July 24.—Mrs. Kentaro Arai, the new minister of agriculture and commerce to whom the people of Japan are looking to devise measures for lifting the business depression in an interview pointed out that the government could do little unless it acted by refusing to pay the high prices now asked by the retailers. In order to develop industry and foreign trade, he said, "prices of commodities must be reduced."

If the cost production of raw materials is high industry will not develop properly and the prices of manufactured articles will become high, which in turn will cause a depression in trade.

The disputes between tenant farmers and landlords which increased fourfold last year, and the shift of the population from the land to the cities were among reasons given by Mr. Arai for the depression and for pessimism regarding the future of agriculture. In Korea he pointed out the situation is even more serious.

ANCIENT WEDDING IS ALMOST DUPLICATED

SANTA BARBARA, July 24.—In the month of July, 104 years ago, there was a wedding in the Santa Barbara Mission, a notable wedding, and a beautiful daughter of California and a Bostonian. The bride was Senora Guadalupe Ortega, the daughter of General Ortega, of Rancho del Refugio. The bridegroom was Joseph Chapman, seaman. When Dana refers to in his "Two Years before the Mast," as "blond haired, blue eyed American seen in the port of Santa Barbara."

On the same day in July, this year, before the same altar, a great, great granddaughter of the bridegroom was wed. Miss Mary Marcel Murphy is her name. She became the bride of Harry Mott Whitney.

FOUR YEAR OLD LASS ON EXTENDED WALK

SANTA BARBARA, July 22.—Four-year-old Carmel Rodney passed through here the other day with her father on a walking trip across the continent. They started from their home in Eureka a month ago to win a \$10000 wager, expecting to go to New Orleans, thence to Columbus, O., and from there to New York. The little girl's mother is following the two hikers by train, the whole family meeting at frequent intervals. Carmel said the journey was not tiring her a bit, although the average daily walk is 18 miles.

KINGSPORT LATEST CALIFORNIA HARBOR

SAN JOSE, July 24.—The newest harbor in California is Kingsport, made by dredging a two-mile channel from the southern end of San Francisco bay, near Mountain View, at a cost of \$100,000. The channel is 120 feet wide and 10 feet deep at low tide, with a turning basin 200x900 feet in area.

An additional \$30,000 will be spent for dockage and warehouse facilities. The new port will be opened for the purpose of shipping fruit, canned goods and other agricultural products out of Santa Clara valley by water.

NEW VARIETY FIG BEING PROPAGATED

TEDRA BELLA, July 24.—The possibility of propagating an entirely new variety of fig, said to be unusually large, yet having most of the characteristics of the black mission, is giving fig experts a new field of endeavor as the result of the discovery of a black mission tree bearing what is apparently a new variety. The tree is one of a black mission fig garden on the E. R. Peach ranch and for four years has been bearing the fruit, supposedly black mission, but having a reddish tint and being about one-third larger. Fig men have held that if the variety can be successfully grown it will revolutionize the industry.

EUREKA IS FARTHER WEST OTHER TOWNS

HOQUIAM, Wash., July 24.—The honors as the farthest west city on the mainland of the United States are handed to Eureka, Calif. by F. W. Mathias, secretary of the local commercial club.

Mr. Mathias recently conducted an investigation on the subject, following claims made by Hoquiam and Port Angeles, Wash., to the distinction. The official longitude figures, he asserts, indicate that Eureka is farthest west, with Hoquiam second and Port Angeles third.

The figures take into consideration cities only, as there are numerous towns more westerly than the cities named.

STAMPS IN RUSSIA PROVE VERY COSTLY

SAN FRANCISCO, July 24.—Eighty thousand rubles worth of stamps were on the letter Tania Akounine, 12 years old, found on the letter she received recently from her aunt, Mrs. Adele Bruno, who lives in Kiev, Russia. There were 300 stamps attached, which in the year of 1916 would have been worth \$40,000, but at the present value of the ruble are worth only 15 cents.

The letter brought the news that Tania's aunt has been in the hospital eight months, as the result of a coal oil lamp explosion, and as the hospital bill was upward of a hundred million rubles, it took nearly the entire fortune of the aunt, namely one fat hog, to pay for it. With the change received from the sale of the hog, however, she was able to pay a train fare of 75,000,000 rubles to Moscow, where her wealthy brother lives.

JAPANESE WRESTLER DIES AT NATIVE HOME

TOKIO, June 23.—(Associated Press by Mail.)—Dewanouni, the greatest Japanese wrestler of the Meiji era who made a tour of America when in his prime, died here this week from an infection of his hip joint, which the doctors could not diagnose. Dewanouni, who was 48 years of age, became a wrestler when 18, and extra-champion when 29. He held the title for 19 years, retiring in 1914 when he was appointed as manager of the wrestling association. His illness and death created a great sensation in Japan, extras being issued to report the progress of his illness, while great crowds attended the funeral.

AUTO MANUFACTURER IN JAPAN FAVORED

TOKIO, June 29.—(Associated Press by Mail.)—The Jitsuyo Jidosha Seizo company of Osaka promoted by William R. Gorham, an American engineer from Los Angeles, with the assistance of A. N. Little, is turning out a new model of Japanese light car at the rate of 50 a month, with the prospect of an early increase to 100. The American engineers after developing the car and getting production started left the Jitsuyo company and the product is now entirely under the control of Japanese engineers.

The Jitsuyo car is of small size, the wheelbase being 72 inches, and the tread 38. The vehicle is expected to supplant and replace for passenger transportation and the control adopted is so simple that one can learn its operation in half an hour, it is said.

The machine originally was produced as a 3-wheeled car, but a 4-wheel model is now also in production. The standard touring body is the same for both models and is what might be called a reversed Clover Leaf type, with a single seat for the driver in front, and a wide seat for two passengers in the rear. Both doors are on the left side.

In the army tests the 3-wheeled Jitsuyo covered 83 miles, averaged around 30 miles a gallon of gasoline and is rapidly taking hold locally.

DATES OF INTEREST TOUCHING ELECTION

June 1—Registration opens.
Aug. 5—County commissioners appoint election officers for primary election.
Aug. 5—Last day for elector to have his registration card cancelled to change politics.
Aug. 15—Registration for primary election closes at 8 p. m.

The Nye county board of equalization will meet on the 24th day of July, A. D. 1922, and will continue in session, from time until the business of equalization presented to them is disposed of, provided however, that they shall not sit after the fourth Monday in August, 1922.
L. E. GLASS, County clerk and ex-officio clerk of board of equalization.
July 11-18-20-24-1922.

RED CROSS GIRLS ARE SETTING STYLES

CETTINJE, Montenegro, June 19.—(Associated Press by Mail.)—For more than 500 years, the women of Montenegro have been in mourning. They have worn the solemn black clothes and little "pork pie" caps of a drab hue all this time as a token of their grief over the loss of Montenegro's independence to the Turks in 1389. But now that they are united with the Serbians, they are changing to less sombre raiment.

American girls have had something to do with other changes in the style of women's dress. When they came here with the American Red Cross they introduced smart short skirts, picture hats and pointed high heeled shoes. These have been adopted by some of the native women. Any afternoon now one may see on Cetinje's only boulevard women attired in bright colored gowns and wearing American style hats and shoes.

NEW FORMS OF DRESS FOR TURKISH WOMEN

CONSTANTINOPLE, June 18.—(Associated Press by Mail.)—Some optimistic and determined Turks are attempting to persuade the women of the land to adopt a standard form of dress. Optimistic, because Turkish women seem no more inclined to wear a uniform than would their sisters of London, Paris and New York, and determined because the committee in a mode is thinking of calling upon the police for help in carrying out its plans.

"Where are the women who would consent to have imposed upon them an antique and strange costume found today only in museums?" is one of the questions hurled at the reformers. "Where is the woman who would recommend such a costume to another? Can a Turkish woman of old world Istanbul dress like a modern harem of artistic Paris? Nationalist fanaticism is an excellent thing, but only within limits."

The committee, in answer to these and similar other attacks, has announced darkly it is working on a scheme to put over its project, the application of which will be placed in the hands of the municipal police.

If you want the news, both telegraph and local, hot off the press, read the Daily Bonanza. Delivered at your door for \$1 a month.

NOTICE OF DISSOLUTION OF PARTNERSHIP
The partnership heretofore existing between James E. Ewing and James E. Cannan doing business as Ewing & Cannan Fruit and Jewelry Co. in Goldfield and Tonopah, state of Nevada, is this day dissolved by mutual consent.

Electors may register for the ensuing election by appearing before the county clerk at his office or by appearing before a deputy registrar in the manner provided by law.
(Seal) L. E. GLASS, County Clerk.
July 15-20-1922.

TURKISH PRISONERS URGED WRITE POETRY

ANGORA, Asia Minor, June 16.—(Associated Press by Mail.)—The capital of the Turkish nationalist government, Angora, also the headquarters of Mustafa Kemal Pasha, the nationalist leader, is ambitious to become a modern city and has embarked upon a program of extensive improvements.

The present park is to be enlarged and made into a public garden; a boulevard will be constructed from parliament house, past the prefecture and the bolshevik embassy, and the roads are to be repaved and kept spotlessly clean. A large fountain typifying nationalist Turkey will be erected in the square facing the parliament building. An interesting novelty is that all shop signs are to be of the same size.

In the Angora there are now 105 criminals. Notebooks and slates have been distributed among them so that they may learn to write nationalist poetry. The government is taking measures to establish tailoring, bootmaking and other workshops for the prisoners in the 400 goals of Anatolia.
